

Westminster schools' air quality checklist – further ideas and resources

Our schools' air quality checklist has many ideas to help our schools take action on air pollution, whether you already have experience of implementing measures to reduce pollution and increase walking and cycling, or you are just starting on this journey.

There is lots of information and resources out there to help – here are some to get you started.

Promoting walking and cycling:

ActiveWestminster: <http://activewestminster.org/wp-content/uploads/2018/03/ActiveWestminster-Strategy-2018-2022.pdf>

TfL STARS Programme: <https://stars.tfl.gov.uk/About/About>

Living Streets: <https://www.livingstreets.org.uk/what-we-do/projects>

Sustrans: <https://www.sustrans.org.uk/what-you-can-do/children-and-families/school-run-cycling-and-walking-school>

Walkit route planner: <http://walkit.com/>

Health and wellbeing:

Healthy Schools London: <http://www.healthyschools.london.gov.uk/>

British Lung Foundation: air pollution for teachers: https://neu.org.uk/system/files_force/publication-files/NEU%20BHF%20air%20pollution%20guidance%20FINAL.PDF

National Union of Teachers advice on asthma: <https://www.teachers.org.uk/help-and-advice/health-and-safety/a/asthma-in-schools>

Lesson plans:

London Sustainability Exchange lesson plans: <http://www.lsx.org.uk/our-work/air-quality/> and also https://www.london.gov.uk/sites/default/files/ca4s_toolkit.pdf

Eco-Schools teachers' pack: <https://eco-schools.org.uk/wp-content/uploads/2016/11/Air-Pollution-Teachers-Pack.pdf>

For more information contact airquality@westminster.gov.uk. Know a great resource that should be on this list? Get in touch with us!
