Supplier Invoice Payment Performance - Public Contracts Regulations 2015 (Reg.113)

The Public Contracts Regulations 2015 (Regulation 113) requires Contracting Authorities to publish performance data annually to 31 March for payment of valid and undisputed Supplier invoices paid within 30 days of receipt:

Financial Year	Percentage of invoices paid within 30 days	Value of interest liability on invoices paid after 30 days*	Interest (£'s) actually paid
2018/19	94.6%	£139,863	
2017/18	93.8%	£199,900	
2016/17	90.2%	£305,831	
2015/16	87.3%	£561,164	

* Our finance systems cannot currently identify non-compliant or disputed invoices therefore the above interest calculation is overstated as it is based on all invoices received in the Council and paid after 30 days.
