

TOWN PLANNING APPLICATIONS WEEKLY LIST

Week Ending : 14 January 2024

SOUTH AREA TEAM

(Covering the SW1, SW7, WC2 and EC4 areas)

Planning Applications received by the council are set out below.

The Council welcomes comment from neighbours, amenity societies and residents groups as part of its consideration of planning applications and we recommend you do this online at www.westminster.gov.uk/planning.

Please note, some of the applications listed may be incomplete and further plans or information may be required before the application can be dealt with. Only once an application is valid will it be published online for consultation.

Deirdra Armsby
Director of Town Planning & Building Control
Westminster City Council
PO Box 732
Redhill, RH1 9FL

Hyde Park

Knightsbridge & Belgravia

Address : **Second Floor** Ward : Knightsbridge & Belgravia
10-11 Grosvenor Place
London
SW1X 7HH

Ref. No. : 24/00134/LBC
 Proposal : **Modification to the design of replacement fire doors on the fire lobby, and the over-panel of one arched door at the second floor unit.**
Following site investigation, after approval to replace doors on the fire lobby (Application 23/07627/LBC), an existing steel post was discovered, necessitating modification to the design of one pair of replacement fire doors. Additional detail has now also been provided to the other 3 approved replacement fire doors on the lobby following input from fire door manufacturer. This application also seeks approval to reinstate arched glass over-panel to an existing hallway door following rationalisation of the services zone on site. Note that listed building consent has already been granted (Application 23/07627/LBC), to replace existing fire doors with fully certified FD30S doors.

Address : **Vale Royal House** Ward : St James's

**36 Newport Court
London
WC2H 7PS**

Ref. No. : 24/00023/CLOPUD

Proposal : **Community Fibre Limited are proposing the installation of a fibre optic network externally and internally at Vale Royal House, WC2H 7PS. Cables installed externally will follow existing cabling when possible. The colour of the cables will always match the colour of the brick walls, or the colour of the existing cabling. In this case, since the building is red/brown brick, so all external cables will be coloured brown. This matches the existing cables on the building facade. The final presentation of the external customer drop cables will be at the apartment front doors, ready to be installed into the property when the resident uptakes the home internet service. When the resident uptakes the service, our 2nd fix engineers will extend the cable into the property via drilling a point of entry through the brickwork. At no point will CFL be drilling through window or door frames.**
